

**GARDEN GROVE UNIFIED SCHOOL
GOVERNING BOARD MEMBER**

JAMES D. “JIM” WARNER

OCCUPATION: Retired Garden Grove Unified School District
Transportation

My goal as a School Board Member is to raise the standards of education by promoting accountability within the school district; community; the state system. I am married with (5) children who have all graduated from the Garden Grove Unified School District. My wife and I have supported many students through fundraisers, various school functions; athletic programs. For 13 years I had the opportunity to drive a school bus for children of GGUSD before I retired in 1996. I have also been a property owner and an active member of the Garden Grove community for over 35 years. My volunteer activities include former Booster Club president; Elks Lodge; Moose Lodge; Knights of Columbus. My business knowledge includes many accounting/administration classes and 3 years of accounting work. If I am elected, I will collaboratively work with the other board members, parents, teachers, support staff, and students to continue the educational standards we have become accustomed to. The health and safety of students is one of my top priorities along with overseeing funds allocated by the state to ensure the best education for all of our children.
